

We're Replenishing Trees in Historic and Beautiful Speed Park that have been lost through the years due to severe weather and age.

If you'd like to give back to the park and truly become part of it ... then plant your roots in its future by purchasing a tree in Honor, Memory or Celebration of someone or something special.

The trees will become a living legacy for many years, providing shade and majestic beauty to this beloved park and those who enjoy it.

With the help of McCoy's Landscaping, we've selected

a diverse variety of trees that will thrive in the home of Art in Speed Park while provide a learning experience for our youth as well.

For \$50.00, we will select from a nice balance of Evergreens, Maples, Oaks, Cypress, Willow and Birch. For \$75.00, we will be able to provide lovely Blooming Trees of many varieties. The trees will be planted in March and enjoyed for many years to come!

An elegant sign will be prominently displayed during the art show with your name and those being honored.

LET YOUR LOVE GROW IN HISTORIC SPEED PARK
